

**Customer  
Requirements**

**Quality  
Management**

**Validation,  
Customized  
Procedure**

**GMP,  
DIN EN  
ISO/IEC 17025**

**Organic Analysis**  
NMR, IR, UV/VIS, GC, HPLC

**Inorganic Analysis**  
wet chemical analysis  
ICP-OES/MS, AAS, RFA

**Environmental Analytics**  
sum parameters, element analysis, IC

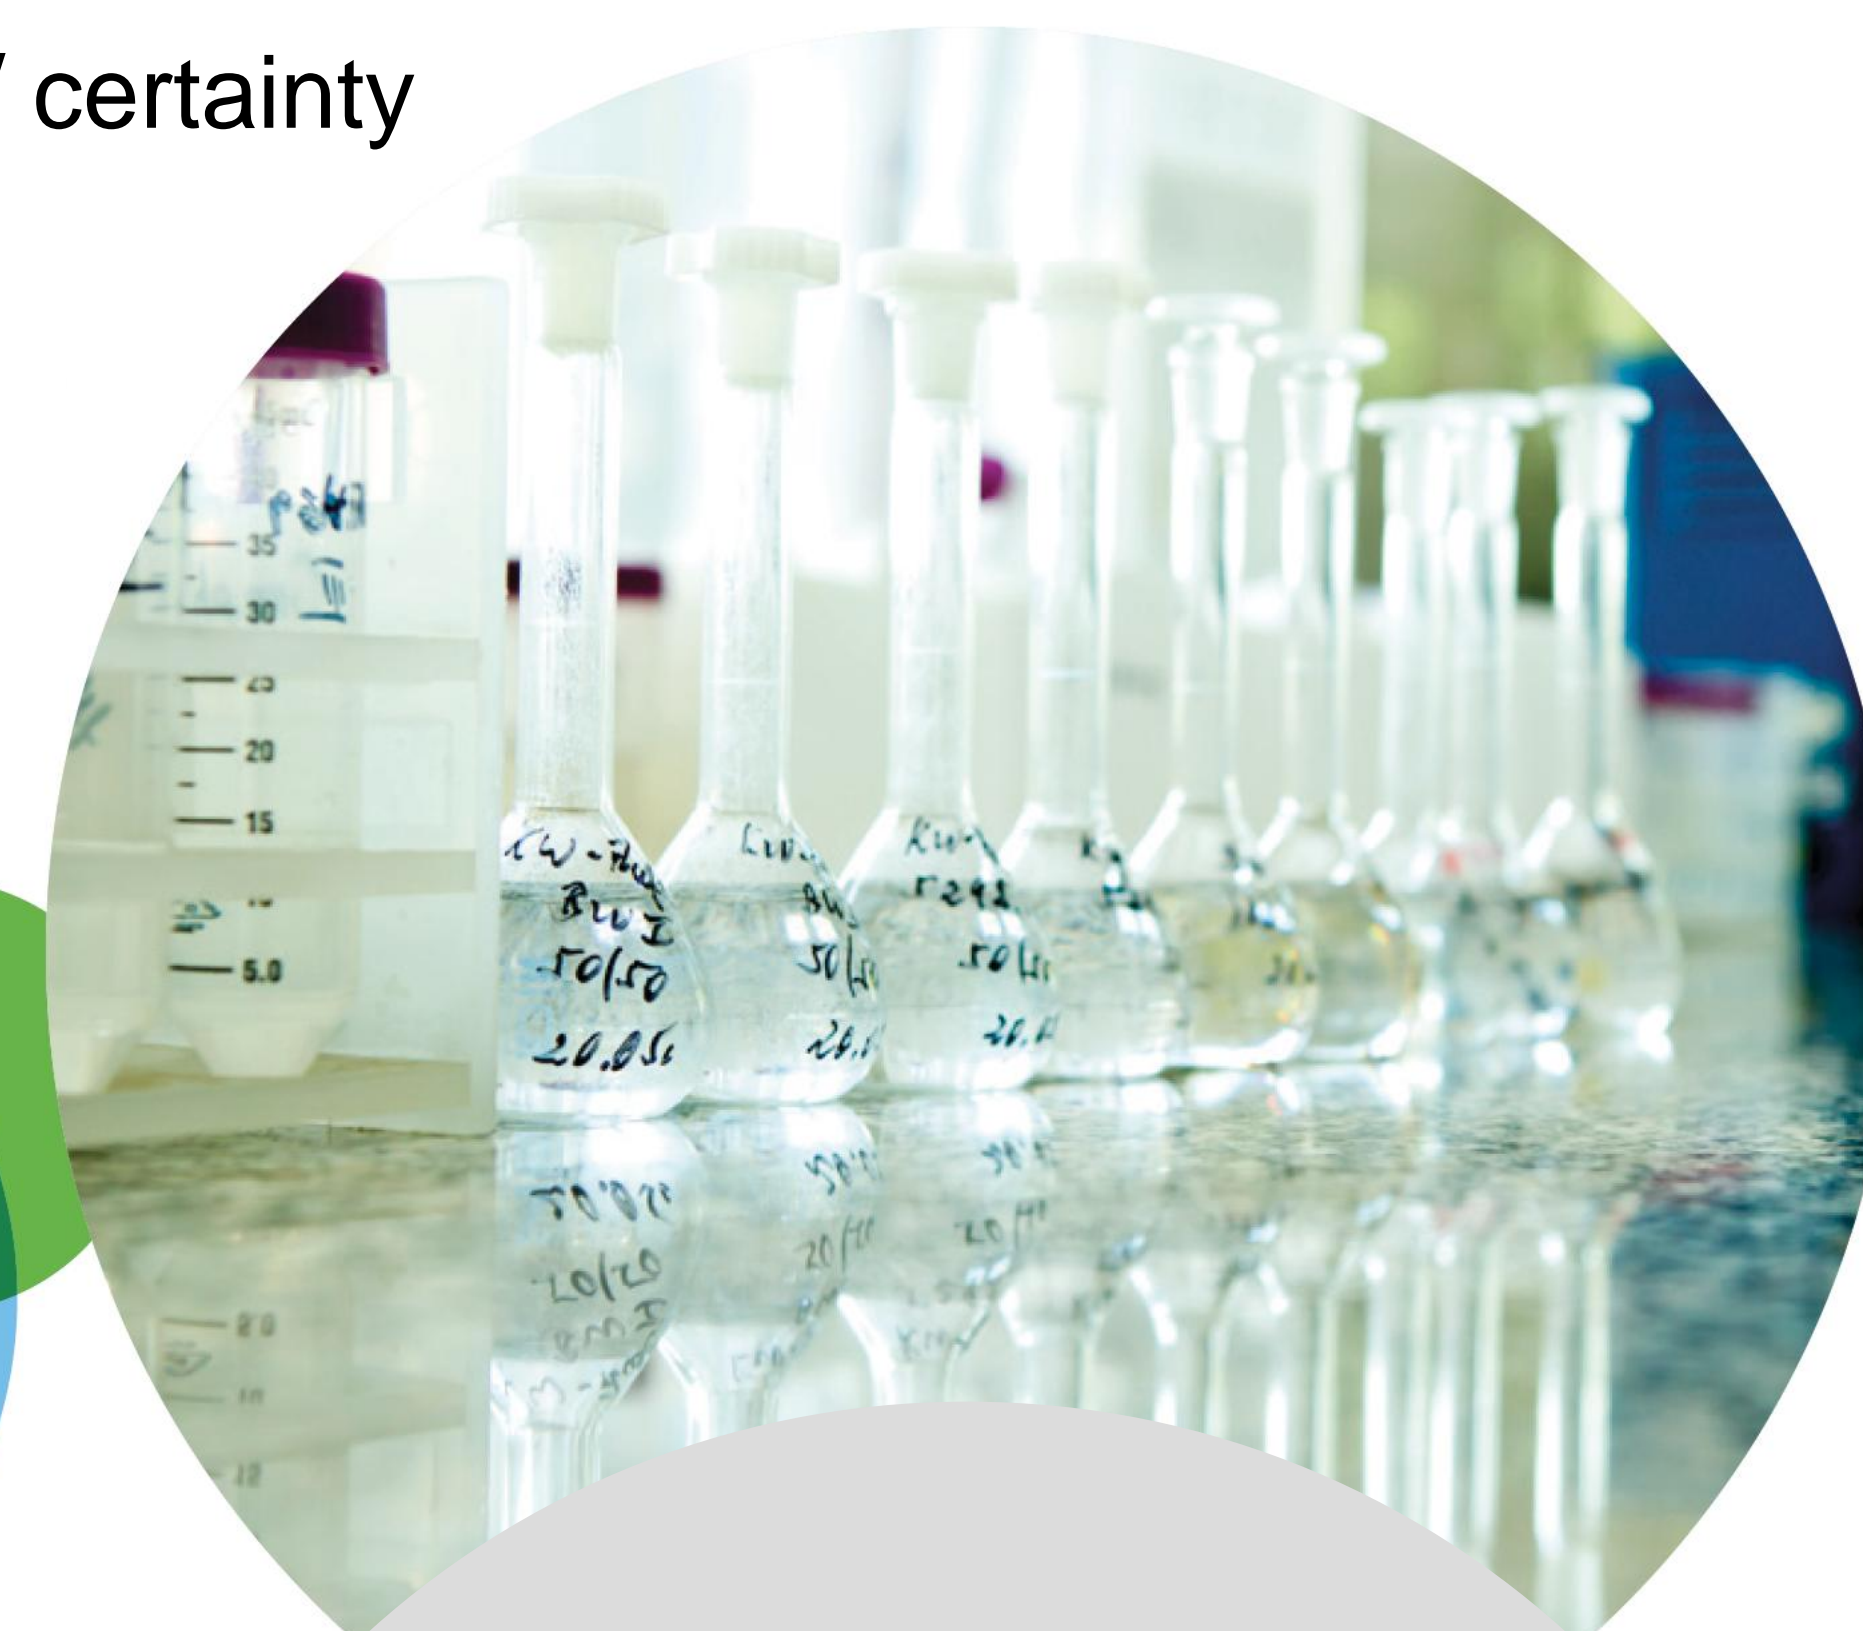

## Quality Management

- High quality analyses due to our **DIN EN ISO/IEC 17025** certification
- Pharmaceutical analysis according to **GMP-Guidelines**

## Our Service, Your Benefit

- Process insight due to rapid analyses
- Sample pick-up service
- Highest quality / certainty based on our broad range competencies

### Wolfener Analytik GmbH

Chemiepark Areal E  
Griesheimstraße 21  
06749 Bitterfeld-Wolfen

+49 (0)3493 72139

We provide our qualified equipment and state of the art expertise in a solution oriented fashion to design an analytical method adapted to your needs.

Furthermore, if desired, we validate your customized procedure.

## Service Spectrum

Our service spectrum includes the analysis / investigation of waste, various industrial chemical products, and pharmaceuticals including chemotherapeutics.

We are structured in three main departments, each offering a large array of analytical techniques and instrumental methods.
